Description

Join this tour and come to know everything about the traditions and customs of the inhabitants. Discover authentic villages, the most beautiful beaches and taste some delicious local products.

One of the villages we will visit is "Zia". This village belongs to the municipality of Asfendiou and is situated on the Dikeos mountain at an altitude of approximately 400 meters. Here you will find lots of small shops, cafés and restaurants. You will have the opportunity to buy the best souvenirs of your holidays, enjoy a real Greek coffee, a frappe or local lemonade in one of the small café's with a view of the islands Kalymnos, Pserimos or Plati.

Via a beautiful road through the woods, you will arrive in the village Pyli. This village is a good example of the way Greek villages were founded in the past: a square with Greek 'kafenios', the school and church around. You can drink and taste the crystal clear and healthy water of the well, the 'PIYI'.

After the scenic route through the woods we will reach the westernmost village of the island called "Kefalos". Here you will visit a local honey workshop where you will learn about the process of gathering honey and have the chance to taste authentic Greek honey. You will have free time to enjoy the views of Kamari Bay and the small island of Kastri, take photos, visit the beach or have lunch in a local tavern.

On the return back to the hotels, we will visit an olive oil factory, get a tour of the facilities and learn every step of the olive production. You will also have the chance to taste local olive oil.
